# SERVICE GUIDE

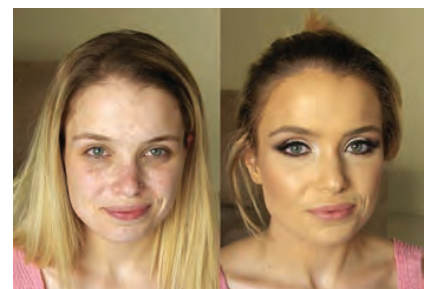

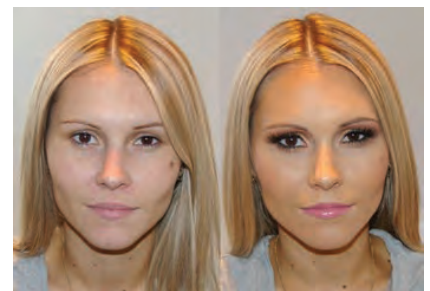

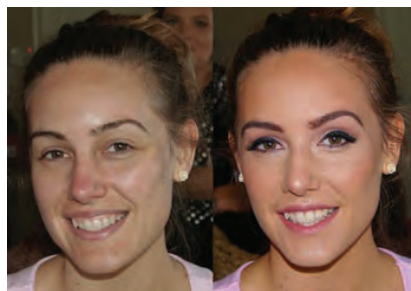

# Thank you for considering Scarlet Beauty

Thank you for considering Scarlet Beauty for your professional makeup needs.

We have put together this service guide to answer common questions about our services and outline the various pricing and availability options.

Please take the time to read through it and if you have any further questions after reading this, please let us know.

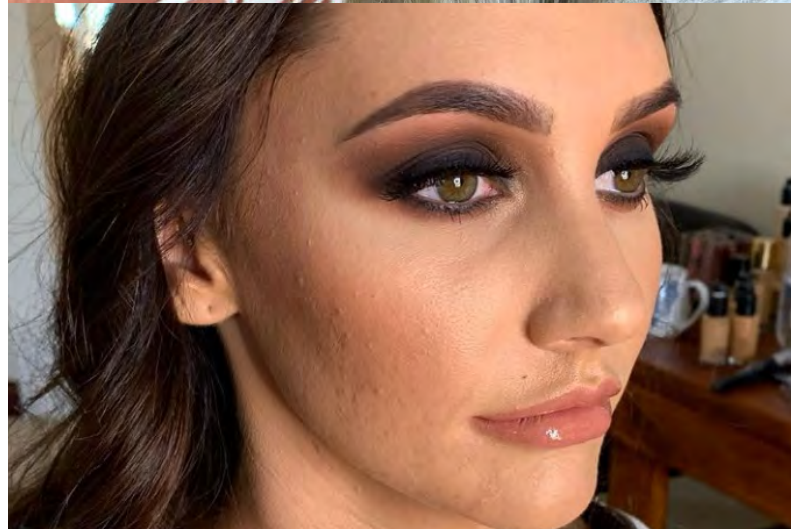

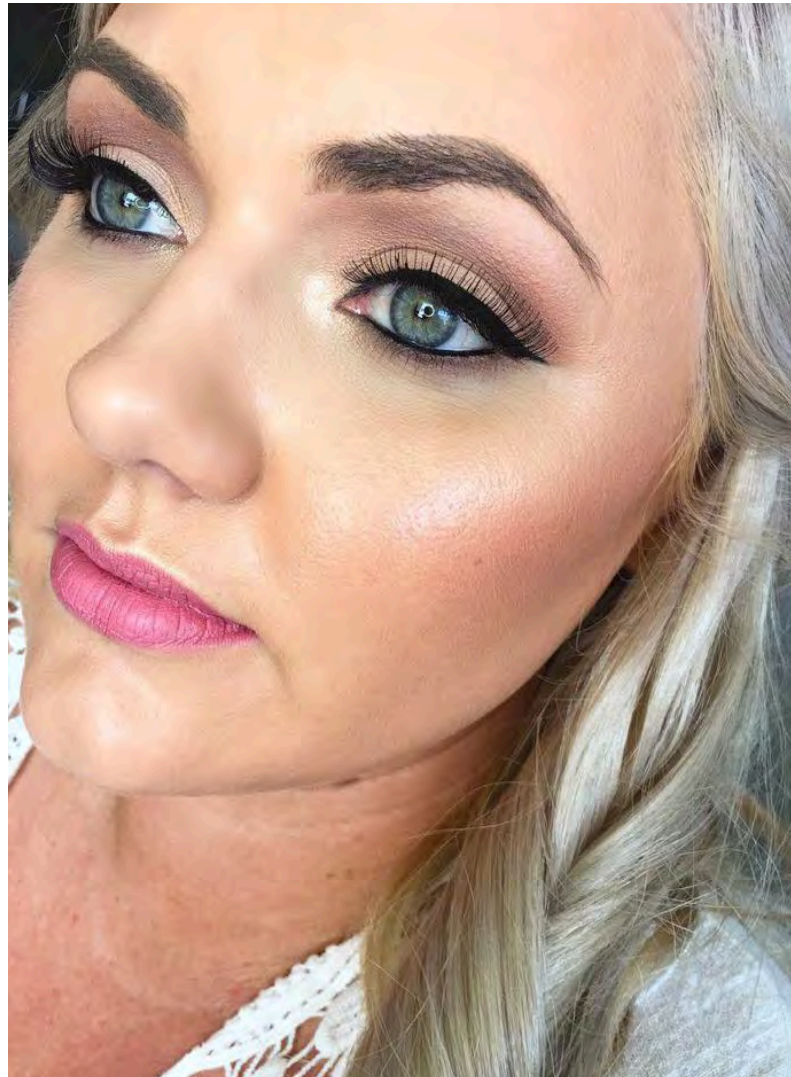

## Hollie Wendel

Senior Makeup Artist

Hollie is a girl whose love for make-up turned into complete and utter obsession, and successful career. With over 10 years experience as a makeup artist, she now trains other makeup artists and runs Scarlet Beauty.

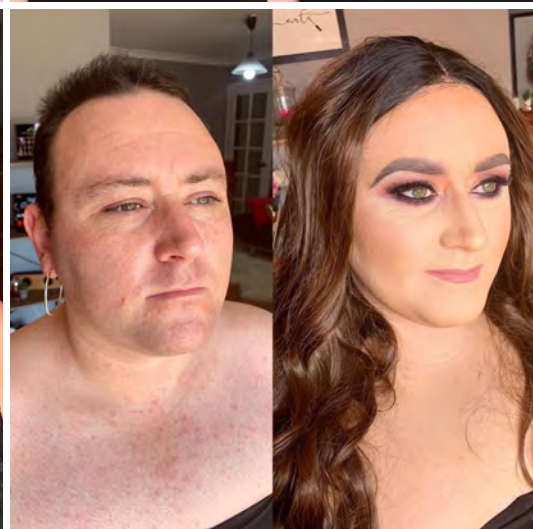

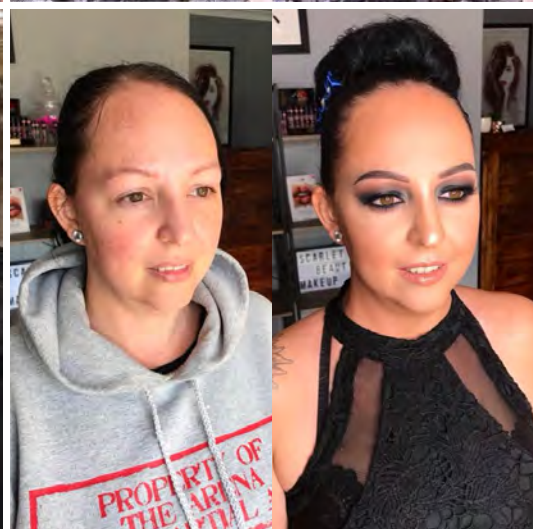

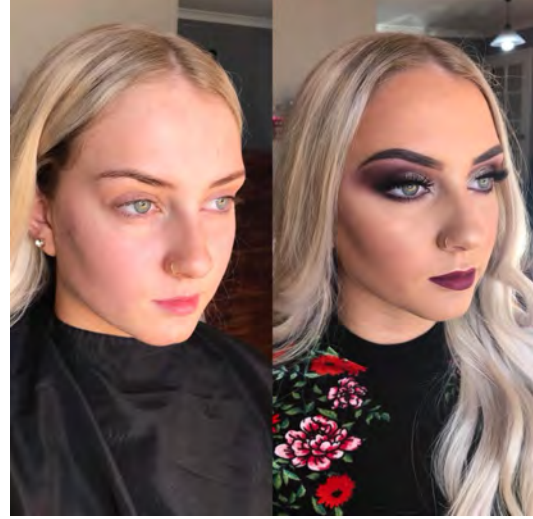

# Makeup pricing

**Makeup Application** \$100

All makeup application is done from our Meadow Springs-based studio. Modelrock lashes are included with every makeup application at no additional charge.

# Get inspired: before your booking gather makeup examples

Before you come along to your booking, it is a great idea for you to find any pictures of makeup styles that you like, they can be from the internet, magazines etc. We find that this is really helpful in allowing us to understand the vision you have and how you want to look. We use this as a guide and can then discuss with you your particular eye shape, eye colour and your skin tone which all helps in creating the perfect look for you.

It helps to take into account what you like about the makeup pictures that you find, as we can put different aspects and techniques together without doing everything the same. So picking photos of makeup where you only like one aspect is okay.

We take into consideration the differences in your face, skin tone and eye shape and colour to the model in the picture and will let you know if something will suit you or not, and will tweak it to suit your individual features.

# Need a **hair stylist** for your event?

Hair and makeup go hand in hand like salt and pepper or shampoo and conditioner...

But styling hair and applying makeup are two very different skills and finding an individual who possesses incredible talent in both disciplines is quite rare.

Here at Scarlet Beauty Makeup we are firm believers that hiring separate hair and makeup professionals for events will give you the best experience and end-result.

By having separate hair & makeup professionals you can ensure that your hair stylist is completely focused on creating the style you want, and your makeup artist can focus entirely on creating the look you want.

It also makes the experience run smoother because both hair and makeup take up to 1 hour to complete per person, so a group of 3 could take up to 6 hours for a single person to do everything, where two separate people could do the whole group in just 3 hours, streamlining an already stressful day.

Hollie has worked with an array of different hair stylists and there are a few that have impressed her with their ability and their professionalism.

We have put together a list of Hair Stylists that we highly recommend. You can view them at:

★★★★★ Hollie made myself, 2 bridesmaids and my mum feel so so pretty for my wedding day last Friday. I couldn't have asked for more as the bride. She took into account specific products I preferred using. I myself wear heavier makeup but took into account my bridesmaids who wear lighter makeup than myself but made us all comfortable. Thanks for everything Hollie you were amazing!

★★★★★ Enquiring & booking my wedding makeup trial was easy, thanks to Gemma, with quick responses & all my questions answered. Such a great idea having a bookings manager. Then meeting Hollie, her friendly & bubbly personality eased my nerves straight away. Her home studio is stunning, I felt very pampered and relaxed. Hollie listened & understood the look I was going for, but blew me away with the end result. I felt so pretty, every detail was perfect & my skin looked & felt so natural. I look forward to the big day & getting my makeup done again by Hollie & seeing how pleased my bridesmaids are with their makeup.

★★★★★ I'm not even sure where to start... From making my booking nothing was too hard for Hollie, and her bookings manager Gemma was amazing! My trial for my bridal shower was simply flawless, with Hollie listening to what I wanted & also talking me through why she was using certain products or colours. On the wedding day we had four bridesmaids, mother of the bride & myself. Hollie breezed through everyone, and without much conversation about what the bridesmaids were having done (as I had complete trust in her after my trial)- did the perfect makeup to suit the dresses, girls & wedding! 💎 Hollie made sure that I was happy with everything.. and to say I was happy was an understatement! The makeup lasted all day and when I woke the next morning my eye makeup was still PERFECT.. despite all the ceremony tears! 💎💎 I cannot thank Hollie enough for contributing to my beautiful day, and I recommend her 100%!
